

# INSIGHT EVENT: THE ENGINE SHED

## STIRLING

### **The Engine Shed: A preview of Scotland's Building Conservation Centre 25 February 2016**

The Engine Shed is one of our most ambitious projects to date, where a historic building is being updated to become a state-of-the-art learning centre for building conservation at the heart of Stirling.

The centre will open its doors to the public in Autumn 2016, but if you would like a preview of the project and see how we are conserving and adapting the building for modern use, this Insight Tour is just for you.

Please wear suitable warm clothing as part of this tour will take place outdoors. The tour is on a live construction site and Personal Protective Equipment (PPE) will be provided.

Tickets: Adult £10 / HES Members £9

Time: 12.00-13.00 or 14.00-15.00

**To book a place, visit [www.conservation.historic-scotland.gov.uk](http://www.conservation.historic-scotland.gov.uk) or call us on 0131 668 8638.
