
Stirling Heritage Walks/Trails

2014 Opinion Survey

Central Scotland Forest Trust and Stirling Council have secured Heritage Lottery Funding to prepare the research and artwork for 7 Heritage Trail Leaflets and approximately 22 associated Interpretive Panels for April 2014.

Following a competitive tender process this work has been awarded to Art is an Option Limited in association with Donald Balsillie and Bee Herd Media.

The Project is to work with 7 Community Council Areas to develop a Heritage Trail Leaflet and Panels within each Community Council area as well as recommend other features of interests, themes and/or Actions.

Our approach is to gather heritage information through this questionnaire as well as a series of interviews. We aim to have a drop-in session, in each of the community areas, in mid January to outline and secure where possible community agreement on the most popular features and themes as well as interpretive design options.

It would be very helpful if you could complete and return this questionnaire electronically by 24th December 2013 to:-
